

# ATTENTION:

## Attention all parents:

Many children who attend Harbor Haven are allergic to nuts or nut products. We do not serve any product that contains nuts or nut products.

**When sending your child to camp with lunch items that contain nuts, clearly mark your child's lunch** so that we can seat an allergic child at a safe distance from the nut product.

**Simply use a marker on the lunch bag to indicate "contains nuts" or place a note on or in the lunch container.**

We know that many children eat breakfast foods that contain nuts or nut products at home. We ask for your diligence in making sure that your child's hands and face are washed after breakfast. No food is allowed on Harbor Haven buses and vans.

We thank you and we know the parents of children with allergies thank you.
