

Don't Throw it Away!

We want your unwanted & broken small appliances for our program!

Taking things apart with kid friendly tools and safety goggles is an activity our campers love! We call it TECH N' TOOLS!

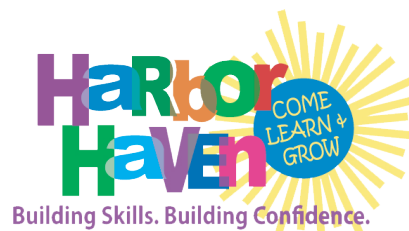

The kind of stuff we like:

Toaster, fan, blender, juicer, mixer, food processor (no blades), hair dryer, coffee maker, electric screw driver, waffle maker, VCR, walkman, CD/DVD player, document scanner, CD drive, phones (cell, corded & cordless), children's battery run toys, Boom Boxes, scanners, old radios, flashlight, laptops, computers, RC cars, clocks, etc...

They don't have to be working, in fact we render them unable to be plugged in any way!

PLEASE DO NOT DONATE: VACUUM CLEANERS OF ANY KIND OR SIZE, PAPER SHREDDERS, MICROWAVES, TOASTER OVENS OR ANYTHING THAT MIGHT HAVE INSIDE GLASS TUBES, SHARP BLADES OR DUST AND DIRT.

Bring any items you want to donate to Parent/Camper Orientation Day (Sunday, June 28th) or drop them off once we move into camp on a day and time that is convenient for you. Please call ahead!
